MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Colonel Assignments (Inbound and Outbound)

1. The Commanding General (CG), U.S. Army Materiel Command (AMC) retains approval authority for all colonel assignments (inbound and outbound) within AMC. The decision-making process will continue to include recommendations from Major Subordinate Command (MSC) Commanders and Deputies Chief of Staff. MSC Commanders and Staff Principals can negotiate with PERSCOM but the CG, AMC retains final approval authority. Recommendations are provided annually for the next calendar year rotations. Colonels with desirable skills will be reassigned within HQ, AMC or elsewhere in the command. This process supports the CG's intent to maintain quality officers within the command.

2. The decision cycle is outlined below:

a. July – G-1 solicits MSCs/Staff recommendations for inbound/outbound Colonels assignments for the upcoming summer rotations.

b. August – MSCs/Staff will provide recommendations to G-1 inbound/outbound Colonel assignments.

c. September – G-1 consolidates MSCs/Staff recommendations for CG's approval via CofS and DCG.

d. October – G-1 coordinates assignments with PERSCOM.

e. January – G-1 provides assignment status update to HQ, AMC Chief of Staff and MSCs bi-monthly until all issues are resolved.

3. Assignments for Colonels will not be accepted or declined without prior approval from the CG. MSC Commanders are reminded that any internal move within their command is subject to approval by the CG.
